Description

Contemporary 2-Bedroom Apartment with Modern Features in Deryneia – Secure Your Future Home Today! (10598)

Presenting an exceptional opportunity to secure your future home in a contemporary apartment, currently under construction and slated for completion in 2026. This thoughtfully designed unit offers 87 square meters of internal living space, complemented by a 18-square-meter veranda. It features two generously sized bedrooms and two elegant bathrooms, ensuring a seamless blend of comfort and practicality. Located on the second floor of a three-story building, this apartment benefits from an abundance of natural light and an inviting ambiance. Additionally, it includes covered parking and a private storage room for added convenience.

Situated in the charming community of Deryneia, the area offers a perfect balance of serene surroundings and access to essential amenities. Residents will enjoy the tranquility of the neighborhood while being just a short drive from local shops, restaurants, and parks. The community is renowned for its warm atmosphere and offers a high standard of living.

Designed with energy efficiency at the forefront, this apartment boasts an impressive Energy Efficiency rating of A, ensuring both environmental sustainability and long-term cost savings. It features the installation of photovoltaic systems in all apartments, provisions for air conditioning and electric heating panels, as well as fast charging for electric vehicles. Additionally, the apartment is equipped with a water pressure system, a solar water heater, and high-quality flooring (ceramic or marble).

The kitchen is a built-in, Italian-style design, complete with granite or engineered stone countertops. Other standout features include double-glazed windows, thermal insulation aluminum systems, a video intercom system, and
