Description

This modern apartment offers a stylish and energy-efficient living experience, perfect for homeowners or investors seeking long-term value. Located in a quiet yet accessible area, the residence combines smart design, high-quality finishes, and sustainable features.

The apartment spans 80 m² of covered internal space with an additional 23 m² covered veranda, featuring 2 bedrooms, 2 bathrooms, an open-plan kitchen and living area, and covered parking with additional storage space and roof garden of 90 sq.m. . The building is constructed with reinforced concrete and insulated with top-tier thermal and soundproof materials, ensuring comfort and durability.

Energy efficiency is a core element, with a Class A rating, underfloor heating provision, installed split-unit cooling, and a 2kW photovoltaic system for each unit. The apartment also includes double-glazed aluminium windows, pressurized water system, and pipe-in-pipe plumbing.

Enjoy outdoor living with a spacious balcony and optional extras such as a BBQ area and jacuzzi provisions. Residents will benefit from landscaped communal areas, electric car charger provision, and provisions for an alarm system and intercom.

Set for completion by September 2027, this property offers excellent access to key amenities — just 250 m from shops, 500 m from public transport, 1 km from schools, 2.5 km from the sea, and 13 km to the airport.

The development consists of 11 apartments in total:
