Description

By combining the two first-floor+second floor apartments, Units 101 and 201, this exceptional duplex residence offers an impressive 184m² of net internal area, together with 58m² of covered verandas, 20m² of common areas, and a very spacious 63m² private garden at the rear of the building.

Designed with flexibility in mind, the property can be configured as a 3 to 5 bedroom home, depending on the buyer's requirements. It also includes 2 parking spaces, making it an ideal option for families seeking both comfort and practicality.

Located in the highly sought-after Skala area of Larnaca, this luxury under-construction apartment spans the first and second floors of a modern five-storey building. It combines contemporary architecture, premium specifications, and an outstanding central location within walking distance of Finikoudes Beach.

The apartment is being built to a high standard, with reinforced concrete construction, aluminium window frames, double glazing, thermal insulation, and granite kitchen countertops. The home will also include provisions for air conditioning and heating, ensuring year-round comfort, while its Energy Efficiency Rating A reflects its modern, sustainable design.
